

Dear New Line Academy Staff & Students,

We would like to take a moment to thank you for your recent fundraiser for Maidstone and Mid-Kent Mind.

Your quiz night has raised a truly incredible amount of money – over £2000! That is a feat in itself, and really highlights your commitment to not only supporting good causes, but to championing the local community around the Maidstone area, ensuring that the Academy has a positive impact on not just students and staff, but everyone in the area too.

Your money will go directly towards supporting the local community on all levels – including both young people and adults. Fundraisers like yours enable us to deliver new courses, like MHFA, which are always in high demand and provide high-quality training which leave people within the local area feeling more able to talk about mental health. Fundraisers also go towards supporting the longevity and continuity of our core services – meaning that things like community groups for adults, and also structured support courses such as Managing Me for young people can continue to be delivered.

We truly appreciate you choosing to fundraise for us. The photographs shared on Twitter show a fantastic event – so we hope you all had a great time, and we hope that the positive impact you will have on local people as a result is clear, as it is something which you should be incredibly proud of.

Please find a certificate enclosed as a gesture of our thanks.

Kind Regards,

Thomas Fishenden,
Marketing Assistant,
Maidstone & Mid-Kent Mind

Would like to thank

New Line Learning

For their donation of

Two-Thousand, Eight-Hundred & Fifty Two Pounds and Fifty Pence

To Maidstone and Mid-Kent Mind

Your money will allow us to further Mental Health services and awareness across your area - so Thank You!

Julie Blackmore (CEO)
